# CUBE AdBlue®

The compact and versatile dispenser for AdBlue®.

# PIUSI

**CUBE ADBLUE AGILIS** is the private-use dispenser designed to simplify and ensure the safe transfer, dispensing, and monitoring of AdBlue®.

With its modern and compact design, it guarantees practicality and reliability in every situation. It features a self-priming electric membrane pump with a **flow rate of 30 l/min**, ideal for meeting any need quickly.

The patented **SB325\_X automatic nozzle** with a break-away system ensures safety and precision, while the **3D filter specifically designed for AdBlue®** guarantees impurity-free dispensing. The **3/4" delivery hose, 6 meters long**, adds further operational flexibility.

CUBE ADBLUE also features a microswitch for automatic pump shutdown when the dispensing nozzle is returned to its holder.
