## 22mm Eco hinge bolt clamps, 48 to 51mm, 1.4016 (W2)

**Item number:**

SSB 51 ES E

Example illustration

## Item description

**Suitable:**

For use in demanding applications, such as the mounting of suction and pressure hoses with high Shore hardness or with plastic or steel inserts. Ideal for commercial vehicle construction, industry, construction machinery, farming, mining, ...

**Materials:**

Tape and housing: 1.4016 (W2), screw: zinc plating steel

**Optional:**

Material complete 1.4301 (W4) -2A

## Properties

<b>Version</b>	1.4016 (W2)
<b>Diameter clamping range [mm]</b>	48 - 51
<b>Tape width [mm]</b>	22

## Further information:

<b>Weight</b>	80 g / pcs
<b>GTIN</b>	4050571904647
<b>Tariff No.</b>	73269098
<b>RoHS compliant</b>	Yes

## Figure

*All data are to be understood as non-binding reference values! We do not assume liability for any data selection not confirmed in writing. Unless otherwise specified, pressure values refer to liquids from Group II at +20°C. Our products and goods are generally only intended for industrial and commercial uses.*
