

MESTO®

SPRAYERS MADE IN GERMANY

Efficient spraying made in Germany:
**MESTO – the ideal choice for professionals
and ambitious amateur users.**

Most professional and ambitious amateur users already know: MESTO is the number one choice when it comes to spraying liquids efficiently. However, we are not content with this. In our family business, we continuously strive for improved product and service solutions with a substantial additional value for you.

For us it is imperative that your chore can be done reliably and with the least amount of physical exertion. Therefore, we ensure robust, endurable sprayers with a maximum in performance. The issues Resource Conservation and the Ability to Repair are just as important to us as the principle of our sprayers: As much spraying fluid as necessary and as little as possible. **www.mesto.de**

MESTO – Your specialist for portable sprayers

Humane, fair and committed

Made in Germany. For over 100 years.

At MESTO, the entire added value is located in Freiberg am Neckar. The in-house production with plastic injection molding, metal processing and assembly works hand in hand with development, quality management and our shipping and logistics center. This enables us to realize new ideas quickly and in excellent quality – and to react easily and flexibly to our customers' wishes.

MESTO is certified according to DIN EN ISO 9001:2015. Our devices and their manufacturing processes are certified at regular intervals according to the Pressure Equipment Directive and optionally according to the GS test mark by TÜV and INTERTEK.

For pest control and public health management, we of course also offer certified sprayers according to WHOPES 2018, which comply with WHO guidelines.

Committed to sustainability and resource conservation: In addition to durable and robust devices, MESTO offers a 20-year availability warranty on all spare parts and accessories, various conversion options for further applications, and a repair service.

MESTO operates energy-efficient machinery, uses solar energy to generate renewable electricity, and in turn uses the heat generated during production to heat the company building.

Corporate Social Responsibility

Committed out of conviction: Long-standing partnerships connect MESTO with the Theo-Lorch-Werkstätten e.V., Cleft Kinderhilfe e.V. and numerous associations and organizations in Freiberg am Neckar.

In addition, MESTO supports various organizations during disasters or other emergencies, e.g. with food donations for Sri Lanka or the victims of the flood disaster in the Ahr Valley.

FUTURE
@MESTO

We are available for you in more than 60 countries worldwide.

It's worth it to be a MESTO partner

You can count on MESTO for the following:

A Perfect Price/Performance Ratio

We offer clever, ergonomic sprayers made in Germany under market oriented terms and conditions – also in times of high demand.

Readily Obtainable, Delivery Guaranteed

We deliver as required and on time as requested. Guaranteed.

Top Quality

Our robust sprayers meet the challenge of continuous use under heavy-duty conditions and score with the advantage of maximum application comfort.

Competent Assortment Recommendation

We will fill your shelves with self-sustaining products, thus ensuring advantageous selling space while you can attend to other things.

All-Round Carefree Support

Professionally competent and permanent contact partners react quickly, flexibly and reliably to your questions and wishes. Comfortable supplier change service is included.

Extensive Information Offer

We provide you with comprehensive and target group-oriented product information, enabling you to give first-rate advice.

MESTO – Your partner for all spraying purposes

Many years of interdisciplinary experience make MESTO a competent partner for efficient and ergonomic sprayers in a wide range of applications. Our entire team is quite familiar with the safe, delicate and economical distribution of a wide variety of liquids and foams.

Ergonomics and Comfort

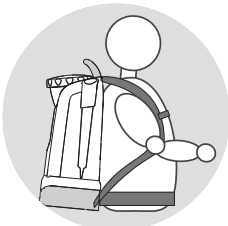

Clever features for more fun at work

The **ergonomic shut-off valve** is gentle to the wrist and prevents fatigue while working.

The **ergonomically designed pump grip** can be held with both hands and is very convenient when it comes to moving the device in a comfortable way.

The optimized **ergonomics concept for the back** as well as the upholstered shoulder straps guarantee comfortable carrying.

Additional Value and Extras

Astute details offer real additional value

MESTO sprayers have the **largest filler opening** with integrated funnel on the market. Thus filling and emptying the container is easier because no liquid is spilled.

The **large pedestal with the practical foot lever** helps to secure a firm stand, especially on uneven ground.

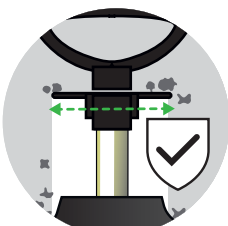

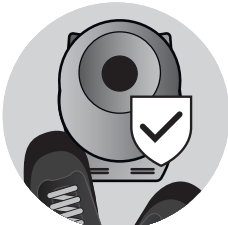

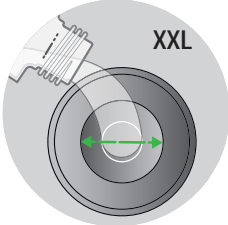

The **patented telescopic nut** makes it possible to attach the hose to the container safe and quick.

The **funnel cover** prevents any dirt from polluting the liquid in the container.

The benefit with the **250 cm spiral hose** is that your customer has a more extensive range.

With the **integrated bracket**, the pump does not touch the soiled ground, keeping the spraying agent and nozzles clean.

Extra large **separate filler opening** for easy filling, emptying and cleaning of the container; therefore, the pump must not be unscrewed.

Competence and Experience

Maximum efficiency goes easy on resources.

We have **the right nozzle for every application** so that the output of the liquid is not more than necessary.

The **hose outlet** at the base of the sprayer minimizes the remaining content in the container. Thus the entire spraying agent can be sprayed.

The correct nozzle for a specific and efficient application

Adjustable Nozzles

Choose yourself and generate as needed – either a fine mist, an accurate pinpointed beam or even a wide variety of intermediate stages.

Flat Jet Nozzles

Excellent for spraying surface areas or rows. Depending on the liquid to be applied, at MESTO you can choose between robust nozzles made of brass or plastic nozzles for best chemical resistance.

Hollow Cone Nozzles

Hollow cone nozzles are ideal for the application of plant protection. They create a mist that completely covers the leaf, thus reaching all areas to be treated – and not just the surface.

You will find the wide range of nozzles offered by Mesto on pages 54 - 55.

MESTO Check System

Perfect durability – for greater safety and a long life.

FPM seals are made of fluoro rubber and score with good resistance to hydrocarbons, oils, strong acids, aromatic and chlorinated solvents.

Furthermore, MESTO also differs substantially with the application of acids and oily liquids.

MESTO offers devices with various features to distribute alcohols and acetons safely.

The icons shown can be used for easy identification. EPDM gaskets are not suitable for hydrocarbon based oils and fuels.

NBR stands for Nitrile Butadiene Rubber and is also known as acrylonitrile butadiene rubber or nitric rubber. Gaskets made of NBR are particularly suitable for use in the garden industry, i.e. for strengthening or moistening plants.

The **MESTO Extreme Seal** is resistant to acids, alkalis - also leached - and solutions. It is also ideal for construction cleaning.

Sprayers for the Garden Range
**Innovative and efficient solutions for
professionals and ambitious amateurs**

MESTO

MESTO Quality for Garden Range

Your customers love their well-kept garden? For this reason, they rely on garden tools and accessories in long-lasting professional quality. Good idea!

MESTO offers smart sprayers and services that assist their customers to finish garden chores quickly and efficiently while, at the same time, conserve resources. This holds true for garden work, but even more so for the professional use of sprayers in the fields of gardening and landscaping, agriculture and forestry, and in fruit and viticulture.

MESTO scores with the quality „Made in Germany“ and thus serves the increasing demand in the private and professional sector. Dealers also benefit from short distances and exceptionally good availability of our products.

Perfect for Construction and Craftsmanship
Robust Sprayers Made in Germany

Sprayers for Construction and Craftsmanship

Robust devices for the extreme demands in civil and building engineering, road construction, interior construction and diamond technology. Made in Germany. MESTO offers unbreakable sprayers, tailored to professional requirements, that serve your customers reliably; and they seem to just sell-off by themselves.

Your customer wants to spread liquids efficiently, saving on costs and material? Recommend MESTO robust brass spray wands with strong brass professional pumps, pressure 6 bar, for longer spraying intervals and more range. The ergonomic shut-off valve and the optimized flat spray nozzle ensure perfect and complete output of the agent used.

High quality materials for long durability, an extensive offer for accessories and spare parts and easy cleaning are further good points to convince your customer. And you yourself profit from first class quality, excellent support, short delivery times and guaranteed product availability.

Professional pressure sprayers

3 bar of pressure. Handy size for small areas.

Aqua Caddy 60 liters 3620

With XXL tank, Metabo battery and practical transport function.

NEW

- Grinding
- Watering
- Core drilling
- Cleaning

Four modes for various applications:
optimized for grinding, core drilling, watering or maximum pressure and flow. No unnecessary water waste during grinding and core drilling, yet enough pressure and flow when watering plants or cleaning surfaces.

Compatible with all Metabo 18 V battery packs:
1x 4 Ah battery and charger from Metabo included in the scope of delivery.

Large water tank and powerful, robust pump
with brushless motor for long running times and an extensive service life.

For even more flexibility:
Transparent hose 6.4 m long, with hose coupling and aqua-stop suitable for common grinders, core drills or irrigation sprinklers.

Capacity of the Li-ion battery:
4,0 Ah corresponds to approx. 70-110 minutes running time or approx. 440-580 liters depending on the mode.

Weight of the Li-ion battery:
0,7 kg Metabo 4Ah 18V (5840AC)

Supply voltage of the charger:
~220 to 240 Volt and 50 to 60 Hz 85W

Type	3620	3620DO
Name	AQUA CADDY 60	AQUA CADDY 60
Filling capacity	60 L	60 L
Seals	NBR	NBR
Execution	With 4 rechargeable batteries and charger (EU)	Delivery without battery and charger
Packing unit	1	1
Pieces/pallet	8	8
GTIN	4000903003340	4000903003449

Highly durable sprayers

Professional quality for cleaning & disinfecting

Sprayers for Cleaning – efficient, versatile and economical

Most professionals know: Sprayers make it possible to clean surfaces incredibly fast and thoroughly. The even surface moistening is especially effective and even more economical than other methods.

Sometimes it is essential for good disinfection to use aggressive chemicals and alkaline solutions. Therefore, when it comes to cleaning and disinfection, MESTO bets primarily on safe handling and the reliable application of cleaning agents.

Hence, with the MESTO range, you offer your customers a reliable selection of safe and chemical resistant sprayers and foam devices that help get the job done accurately, safely and with the least amount of effort.

Professional pressure sprayer

Handy size for small areas or spot application. Robust and very stable bottle.

3112P

Pressure sprayer FOOD

Certified pressure sprayer for use in the food industry

Type	3130LE
Name	FOOD 1.5
Filling capacity	1.5 L
Seals	EPDM
pH-level	7 - 10
Nozzle	Adjustable (fine, even, atomization), plastic
Packing unit	9
Pieces/pallet	216
GTIN	4000903000585

Pressure sprayer CLEANER SUPER EXTREME 1.5

Practical, compact with an enormous scope of application

- Brake cleaner with acetone
- Construction cleaner
- Engine, machine and parts cleaner
- Safety and cold cleaners
- Quick degreasing
- Silicon, paint and adhesive remover
- Nitro and wash dilution
- Corrosion protection and rust converter

1.5 liters filling capacity
with transparent filling scale

Extraordinary Sealing
applicable for high aggressive and complex cleaning agents with a pH value spectrum 1 – 14

Very Stable Pedestal
stands secure and firm, especially on uneven ground.

Nylon pump
with protection cap for improved chemical resistance.

Specially coated spring
for best chemical resistance

Enclosed pump head
made of nylon to protect the mechanical system from dirt and dust

Nozzle adjustable
from a pinpointed stream to a fine mist

3132SE

Type	3132SE
Name	CLEANER SUPER EXTREME 1.5
Filling capacity	1.5 L
Seals	EXTREME
pH-level	1 - 14
Nozzle	Adjustable, plastic
Packing unit	8
Pieces/pallet	256

Sprayers for Vector and Pest Control

Effective against mosquitoes, pests, etc.

MESTO BM-Range – Beat Malaria!

Especially for the fight against malaria, MESTO offers a range of highly effective and robust sprayers which are distinguished particularly by the very good wearing comfort for the user.

“IRS” – Indoor Residual Spraying – is still one of the most effective protective measures against infection with malaria transmitted by mosquitoes.

MESTO is regularly on site in the affected areas and instructs the trainers and users on the optimal application of the spraying agents used.

PCO-High compression sprayers

6 bar pressure. Handy and compact

Type	3593PC	3591PC
Name	INOX PCO 4	INOX PCO 5
Filling capacity	4 L	5 L
Seals	FPM	FPM
pH-Wert	5 - 9	5 - 9
Nozzle	Incl. two different nozzles flat jet 80-02 E, brass with filter and adjustable, brass	
Tank	Stainless steel	Stainless steel
Packing unit	1	1
Pieces/pallet	48	48

	1390LS	Brass, FPM, filter 50M for hose D6 (Spiral hose), with hose clamp	Foil bag	4000903001537
	2310	Plastic, FPM, for FLORI COMPACT, FLORI, PICO, HERBI, PRIMER and FIX PLUS	Self-service package	4000903231002
	2310EM	Plastic, EPDM for 3232EM	Foil bag	4000903231019
	2310LK	Plastic, FPM, with filter, FOAMER 4 L (3232FO)	Foil bag	4000903001407
	2310EK	Plastic, EPDM, with filter, FOAMER 4 L (3232FE)	Foil bag	4000903003692
	2311	Plastic, FPM, with filter for PROFI	Self-service package	4000903231101
	6307LS	Plastic, FPM, for PROFI PLUS, FERROX, FERROX PLUS, INOX, INOX PLUS and INOX EXTRA	Foil bag	4000903630713
	6307L	● Plastic, FPM, for CLEANER	Foil bag	4000903630737
	6307EM	● Plastic, EPDM, for CLEANER	Foil bag	4000903630706
	6307LB	● Plastic, FPM, for INOX SUPER EXTREME	Foil bag	4000903630782
	6307LE	● Plastic, EPDM, for INOX SUPER EXTREME	Foil bag	4000903630799
	6307LP	Plastic, FPM, for INOX PCO	Foil bag	4000903000547
	6307LM	Plastic, FPM, with manometer, for RS125 and RS185	Foil bag	4000903630720
	6307ME	Plastic, EPDM, with manometer, for RS125 and RS185	Foil bag	4000903001247
	6307FM	Plastic, FPM, with manometer, for 3275M	Foil bag	4000903000011
	6307LG	Plastic, FPM, with manometer, for STABILUS and INOX BM	Loose	4000903630751

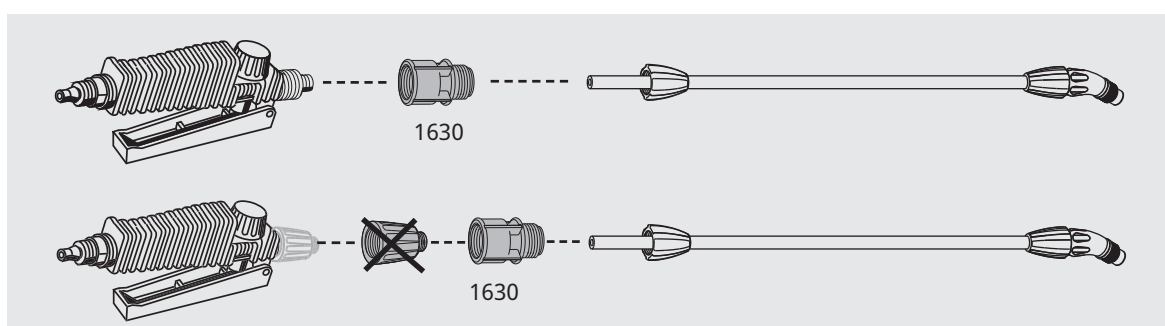

Miscellaneous parts

	Order number		Packaging	GTIN
	6340K	Cap nut on all plastic compression sprayers with spiral hose	Loose	4000903634001
	1601	Hose clamps for all compression sprayers and backpack sprayers (hose NW 10)	Loose	4000903160104
	1619	Cap nut extendable (only for 3232 and 3232U as of year 2017)	Loose	4000903161903
	1623	Cap nut, plastic (fine)	Loose	4000903162306
	1613	Cap nut, plastic	Loose	4000903161309
	1613N	Cap nut, plastic (coarse)	Loose	4000903161316

Accessories and adapters

	Order number		Packaging	GTIN
	1345	Elbow, M 11 x 1	Loose	4000903134501
	1346	Double nipple with two outside threads M 11 x 1	Loose	4000903134600
	1347	Double nipple with two inside threads M 11 x 1	Loose	4000903134709
	1352LL	Reduction nipple female 18/male 11	Foil bag	4000903135232
	1481	Ball valve filter (mesh width 100 M), only to be used with union nut and nozzle body 1475	Loose	4000903148102
	1484	Filter (mesh width 100 M)	Loose	4000903148409
	1351	Nozzle body, plastic	Loose	4000903135102
	1475	Union nut and nozzle body, brass	Loose	4000903147501
	1630	Adapter old shut-off valve to new spray wand	Foil bag	4000903163006
	1631	Adapter new spray wand to old extension wand	Foil bag	4000903163105

Assembly of the new spray wand to the old shut-off valve

Spray wands

The curved spray wands can be adjusted infinitely at the shut-off valve for better orientation.
Recommended e.g. for under-leaf spraying.

	Order number		Packaging	GTIN
	3655	Brass, 50 cm, with MESTO-flat jet nozzle 1421F (80 -01E), brass	Loose	4000903365509
	3657	Brass, 50 cm, with brass-nozzle 1.1 mm	Self-service package	4000903365707
	3658	Brass, 50 cm, with brass-nozzle 1.1 mm	Loose	4000903365806
	3654AK	Plastic, extendable 52-90 cm, with brass-nozzle 1.1 mm	Loose	4000903365424
	3654M	Plastic, 50 cm, with brass-nozzle 1.1 mm	Foil bag	4000903365486
	3654ME	Plastic, 50 cm, EPDM, with brass-nozzle 1.1 mm	Foil bag	4000903001971
	3657F	Brass, 50 cm, with MESTO-flat jet nozzle 1421F (80 -01E), brass	Self-service package	4000903365714
	3657S	Stainless steel, 50 cm, with MESTO-flat jet nozzle 1428P (90-02), PVDF	Self-service package	4000903365721
	3657SE	Stainless steel, 50 cm, EPDM, with flat jet nozzle 1428P (90-02), PVDF	Foil bag	4000903365738
	3655A	Brass, 50 cm, with flat jet nozzle 1422F	Loose	4000903003852
	3653BK	Brass, 50 cm, with flat jet nozzle 1423	Loose	4000903003371
	3654F	Plastic, 50 cm, FPM, with nozzle 1428P (90-02), PVDF	Foil bag	4000903365332
	3654E	Plastic, 50 cm, EPDM, with nozzle 1428P (90-02), PVDF	Foil bag	4000903365325
	3654FO	Plastic, 50 cm, FPM, for 3270FO	Foil bag	4000903003302
	3654FE	Plastic, 50 cm, EPDM, for 3270FE	Foil bag	4000903003319
	3653FL	Spray wand flexible, 50 cm, FPM, with filter and adjustable nozzle 1307L	Self-service package	4000903003081
	5266PP	Colored spray wands set of 3 for CLEANER 1,5 L, green/blue/red with nozzle	Self-service package	4000903526603
	3720	Wide spray wand, width 100 cm, nozzle distance 50 cm, with 3 flat jet nozzles 1422. Recommended distance to ground 30 - 35 cm for even application of the spray pattern on a strip 150 cm wide.	Cardboard tube	4000903372002

Extension wands

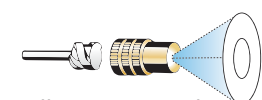

An extension wand is recommended particularly for high trees and shrubs, for efficient and economical treatment of all parts of the crown.

Important: The longer the extension wand, the higher the pressure reserve of a sprayer should be. The pressure reserve results from the operating pressure and the size of the pressure chamber above the intended filling content of the tank.

	Order number		Packaging	GTIN
	3653	Plastic 25 cm, flexible, with nozzle for 3131..	Foil bag	4000903365301
	3664NL	Plastic 45 cm	Foil bag	4000903366414
	3665	Brass, 50 cm	Self-service package	4000903366506
